

SOUTHERN FLINDERS RANGES
DEVELOPMENT BOARD INC

NEED SKILLED STAFF

Are you unable to find the skilled staff that you require for your business from within the local community?

For Example: Fitters, Boilermakers, Electricians, Diesel and Motor Mechanics, Refrigeration Mechanics, Plumbers, Registered Nurses, and many other classifications.

The Southern Flinders Ranges Development Board may be able to help find the staff you require by using the migration schemes which are promoted by the State Government.

These schemes are aimed at attracting skilled people from overseas into regional areas to fill those positions where suitably qualified employees cannot be recruited through the local labour market.

If you are having difficulty in finding the skilled staff you need locally and would like to know more about the possibility of using these migration schemes please contact Carly Peters.
